REASONS FOR ALLOWANCE

1. Claims 1-15 are allowed.
2. The following is an examiner's statement of reasons for allowance:

Claims 1, 13 recite, inter alia, *the wire being wound alternatively onto the drum in an opposite direction for each coil and the winding direction of the wire being inverted upon the wire engaging a respective common terminal between two adjacent coils.*

Claim 11 recites, inter alia, *winding said wire onto the tubular drum to form a second coil axially adjacent to the first coil by rotating the spindle in a given second direction opposite to the first direction.*

The references of record do not teach or suggest the aforementioned limitation, nor would it be obvious to modify those references to include such limitation.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
